2022 LASIF Grantees

Grantee Name	Purpose
Boys & Girls Club of the Los Angeles Harbor	To provide high-quality postsecondary advising and workforce development services to low-income scholars including internships, apprenticeships, and job placement.
Bridge Builders Foundation	To provide college access and mentoring services to underrepresented students including essay writing, structure, and preparation; finding and applying for scholarships, grants, and financial assistance; and SAT and test-taking skills.
Bright Prospect	To provide postsecondary success and mentoring services to underserved scholars that result in college matriculation rates, persistence rates, and graduation rates that are above the national averages for low-income, first-generation students.
Brotherhood Crusade	To support high-quality postsecondary readiness and persistence counseling, training, and aligned supportive services for Black and male students of color.
Build Hope, Inc.	To provide college access and case management services to residents in public housing including job training, internships, and placement.
CARS (College Access Readiness and Success)	To support postsecondary access and advising services to underrepresented students which include attendance at the College On College residential program and college application support.
College Access Plan	To support High School and Parent/Family Engagement programs that provide multilingual financial aid and college knowledge workshops in partnership with Hacienda La Puente Unified School District and Pasadena Unified School District.
College Match	To provide postsecondary pathway supports to underserved scholars including career awareness

	workshops with employers, job readiness sessions with career centers, and networking opportunities.
Fulfillment Fund	To support postsecondary access and case management services to low-income students to maintain a minimum of an 85% six-year graduation rate.
Heart of Los Angeles Youth (HOLA)	To provide postsecondary pathway supports including scholarship and programmatic services for underserved students to sustain an 80% college retention rate.
Los Angeles Urban League	To provide high-quality postsecondary advising and aligned supportive services for underrepresented scholars to extend outreach and school staffing capacity.
Social Justice Learning Institute	To provide carefully and strategically designed college and career readiness counseling, training, workshops, and mentoring services to Black and male students of color.
Southern California College Attainment Network (SoCal CAN)	To provide high-quality postsecondary advising or aligned supportive services to residents in public housing including college planning and persistence support.
United Friends of the Children	To support postsecondary access and case management services that empower foster youth to exceed the college matriculation, graduation, and post-graduation employment rates of peer foster youth and non-foster youth student populations.
University of Southern California (USC) College Advising Corps	To provide high-quality postsecondary advising and aligned supportive services that equip students to complete 1-3 college applications and submit the FAFSA or California Dream Act application.
Walking Shield	To support postsecondary access, case management, and employment development services to Native American scholars to maintain a 94% college retention rate.
